Dear Mr. Josey,

My humble and heartfelt thanks for your involvement of my recent lease issue with Hendrick Honda Daytona. Without your assistance and intervention my cry for help would have gone unheeded.

Your kindness, caring and compassion has made this old ladies heart feel wanted and valuable. To go out of your way to help me, when you simply could have said this not an issue that my office needs to be involved in, tells me you are a man of the people and have great empathy for those in need.

You will forever remain in my heart, prayers and thoughts. You have made this old lady very happy. Thank you.

With sincere wishes,

Jean A. Blythe
